

Create An Account In Clarifai:-

To detect the animals and birds we are using an open-source platform Clarifai.

To use this service in the project we need to sign up for this.

The screenshot displays the Clarifai portal interface for a user named 'dhivya-srinivasan-1502'. The browser address bar shows the URL: `portal.clarifai.com/users/dhivya-srinivasan-1502/apps/3867475b71d847e2b8d2f8c90a230648`. The application details for 'my-first-application' are shown, including its APP ID, description, default language (English), base workflow (General), and creation date (October 21, 2022). A 'DANGER ZONE' section contains buttons for 'Delete All Inputs', 'Delete All Models', and 'Delete App'. To the right are buttons for 'View In Explorer' and 'Add Inputs'. Below these are two main sections: 'API Keys' and 'Collaborators'. The 'API Keys' section shows a key named 'my-first-application-all-scopes' created on Oct 21, 2022, with a 'Show the API key' button. The 'Collaborators' section states 'You currently have no collaborators on this App.' and includes an 'Add Collaborators' button. The Windows taskbar at the bottom shows the date as 16-11-2022 and time as 11:39 AM.
